

The Kemtah Group Selects WORKTERRA BenAdmin

WORKTERRA BenAdmin offers The Kemtah Group a simplified, automated benefit administration and enrollment application

September 24, 2014, Pleasanton, CA. – WORKTERRA, a leading provider of Human Capital Management software solutions, announces the addition of The Kemtah Group to its rapidly expanding client base. WORKTERRA BenAdmin offers Kemtah a fully configurable, simplified and automated solution for the administration and enrollment of benefit eligible employees.

By automating core HR processes, Kemtah administrators are given the tools needed to increase efficiency and focus on more strategic tasks within their organization. The advanced reporting capabilities offered through WORKTERRA BenAdmin allow for seamless tracking and management of the new hire and open enrollment process. Kemtah administrators have the ability to create personalized and automated notifications, messaging, pop-up windows and more to ensure employees easily and efficiently complete the benefit election process.

WORKTERRA BenAdmin provides Kemtah employees an easy to use self-service portal to elect benefits, update personal information and manage life events throughout the year. Various decision support tools educate employees on their comprehensive benefit plan, ensuring they choose the plan that best fits their individual needs. Plan comparisons, benefit calculators and paycheck modeling assist employees in the benefit election process, allowing them to compare the cost and coverage of benefit plans in real-time.

“I am happy to welcome Kemtah to the long list of clients that have chosen WORKTERRA BenAdmin. Kemtah’s selection of WORKTERRA BenAdmin affirms that we continue to deliver the most flexible and user friendly system in the market.” - David Rhodes, CEO WORKTERRA

Kemtah can be sure their workforce is always connected through WORKTERRA mobile applications for iPhones, Android phones, iPads and Android tablets. These proprietary,

native iOS and Android applications improve user satisfaction and engagement in the overall benefit enrollment process.

About The Kentah Group Kentah, an IT outsourcing specialist, delivers IT infrastructure and support that transforms the way clients perform IT. Kentah offers the flexibility of a small company, and the expertise of a large company in helping our healthcare and science/engineering clients to solve IT challenges by innovatively applying tools and knowledge. We impart value to our clients by incorporating standards (TOGAF, ITIL, ISO, COBIT, and PMBOK), real-world experience and a practical approach to ITSM best practices. Our ITSM framework provides the foundation for delivering the industry's most cost effective IT consulting, integration and outsourcing services. Our team, first and foremost, focuses on the specific IT-related objectives of every client, and is nimble enough to customize solutions as needed – whether that's tailoring ITIL processes or configuring tools. We offer a broad range of services and products to address our customers' most complex and critical technology-related needs. Kentah's overarching goals are to help IT organizations achieve Sustainable IT practices, implement leading edge technologies, and improve ITSM resulting in increased customer satisfaction. We achieve these goals by providing services and products such as IT strategic planning, Cloud strategy, BYOD in a secure environment, virtualization, Meaningful Use, ICD-10 conversion, Identity Management, enterprise energy management and sustainability, legacy transition management, or privacy and security compliance. Vendor-independent, we bring objective, highly experienced, senior level IT leaders and project managers to every client engagement.

About EBS - WORKTERRA Founded in 1987, Employee Benefit Specialists, Inc. (EBS) provides state-of-the-art online enrollment and benefit administration and services. In 2005, EBS used its considerable experience in benefits administration and technology knowledge to create its proprietary WORKTERRA™ online eligibility system. WORKTERRA Human Capital Management is a HIPAA compliant, SSAE16 certified, cloud based platform that utilizes the latest technology to bring together all functions of talent management into one application. Our proprietary, flexible approach supports automated integration to carriers and payroll systems, which creates a single key, paperless environment for our clients. It allows clients to manage their human resource functions more smoothly in an easy-to-use, technologically advanced system.
